HALL – EKFZ Summer School 2025

Dresden, June 2 – 6, 2025

Femtech Meets Law

Advancing Women's Health Across All Ages
Through Technology, Regulation, and Ethics

Preliminary Program

Themes

The program consists of themes exploring the intersection of health, law, and technology in the femtech space and will be covered through a combination of presentation-based sessions, interactive discussions, and mentoring opportunities.

- Regulation, Innovation, and Data Governance in Femtech

- Regulatory Ethics and Societal Responsibility: Menopause as a Case Study

- AI, Design Thinking, and Regulatory Oversight in Women's Health

- Data Gaps, Data Governance and Health Equity in Women's Health

- Law, Diversity, and Inclusion in Digital Health

- Legal and Regulatory Pathways in Femtech Product Development
